

8500P CHILD NUTRITION - APSSD

The approved private school for students with disabilities (APSSD) may provide meals to students that align to the Dietary Guidelines for Americans, using United States Department of Agriculture's meal patterns reviewed and/or approved by the New Jersey Department of Agriculture.

For a nonprofit APSSD, the costs associated with providing meals may be included in the certified actual cost per student if the following requirements are met. The nonprofit APSSD shall:

1. Ensure the menu is approved by the New Jersey Department of Agriculture;
2. Apply for and receive funding from the Child Nutrition Program administered by the New Jersey Department of Agriculture;
3. Charge students for a reduced and/or paid meal; and
4. Not have total food service costs, net of the reimbursement and/or sales pursuant to 3. above, that exceed the maximum daily price schedule for a high school published annually by the New Jersey Department of Agriculture. Excess expenditures are non-allowable costs, except for where they are solely attributable to substitutions to meals when the disability restricts the child's diet.

For a for-profit APSSD, the costs associated with providing meals may be included in the certified actual cost per student if the following requirements are met. The for-profit APSSD shall:

1. Ensure the menu is approved by the New Jersey Department of Agriculture;
2. Charge students for a reduced and/or paid meal; and
3. Not have total food service costs, net of the reimbursement and/or sales pursuant to 2. above for for-profit schools, that exceed the maximum daily price schedule for a high school published annually by the New Jersey Department of Agriculture. Excess expenditures shall be deemed non-allowable costs, except for where they are solely attributable to substitutions to meals when the disability restricts the child's diet.

8505 LOCAL WELLNESS POLICY/NUTRIENT STANDARDS FOR MEALS AND OTHER FOODS

The Board of Directors recognizes child and adolescent obesity has become a major health concern in the United States. The Healthy, Hunger Free Kids Act of 2010 (HHFKA), funds child nutrition programs and establishes required nutrition standards for school lunch and breakfast programs. In accordance with the requirements of the HHFKA the school shall implement this Wellness Policy that includes goals for nutrition promotion, nutrition education, physical activity, and other school-based activities that promote student wellness.

The Principal or a School Wellness Policy Coordinator designated by the Principal will be responsible to ensure the school complies with the requirements in this Policy. The Executive Director will designate a Wellness Policy Coordinator who will have the authority and responsibility to ensure the school complies with the requirements outlined in this Policy.

A. Wellness Policy Goals

The goals as outlined below shall apply to the school.

1. Goals for Nutrition Promotion – The following activities will be coordinated in the school:
 - a. Age-appropriate posters will be posted on the walls where food and beverages are served to students highlighting and encouraging the value of good nutrition.
 - b. The school lunch program will have promotional days during the school year where at least one new nutritional alternative menu item will be featured as part of the menu pattern meal component. The food service staff members will promote this nutritional alternative during meal service with posters, flyers, and/or hand-outs regarding the nutritional menu item alternative.
 - c. The Principal or School Wellness Policy Coordinator will encourage food products that meet the nutrition standards of the HHFKA when used as an incentive or reward for student accomplishments, club or activity achievements, and/or success in competitions within the school.

- d. Food service staff, in consultation with the Principal or School Wellness Policy Coordinator, will coordinate obtaining student input on menu planning that will include taste testing of new nutritional food, satisfaction surveys, and other activities that will promote nutrition awareness.
 - e. Food service staff will place the healthier food items in the service line where students are more likely to choose them.
2. Goals for Nutrition Education – The following activities will be coordinated in the school:
- a. The Principal or School Wellness Policy Coordinator will ensure each student receives at least one presentation per school year that promotes good nutrition and nutrition education. These presentations may be provided through classroom visits from school staff members trained in nutrition, school-wide or group assembly programs, during health/physical education classes during the school year, or any other presentation manner. This requirement may be provided as part of nutrition education provided to students as part of the school's curriculum.
 - b. The Principal or School Wellness Policy Coordinator will post the nutritional guidelines of the HHFKA in the area of the school building where food and beverages are served.
 - c. The school lunch menu will include nutritional information, activities, recipes, and/or any other information that encourages the selection of healthy food items and for students to make informed choices about nutrition, health, and physical activity.
3. Goals for Physical Activity
- a. The following activities will be coordinated in the elementary school:
 - (1) All students shall receive health/physical education under the supervision of a properly certified teaching staff member as required by the New Jersey Department of Education.

- (2) The Principal or designee will ensure there is age-appropriate equipment and supplies available during recess time for students to participate in physical activities.
 - (3) Students will be encouraged by school staff members supervising student recess time to participate in some type of physical activity, which may include, but not be limited to: walking; playing games that require physical activity, such as kick ball, volleyball, baseball, basketball, etc.; rope jumping; and/or using playground equipment.
 - (4) The Principal will encourage classroom teachers to incorporate brief, physical activity breaks into the school day to establish an environment that promotes regular physical activity throughout the school day.
 - (5) The Principal or designee will coordinate special events that highlight physical activity, which may include field days, walk-a-thons, and activity tournaments or competitions. The Principal or designee may involve parents, community members, and students in the planning of these events.
- b. The following activities will be coordinated in the middle school:
- (1) All students shall receive health/physical education under the supervision of a properly certified teaching staff member as required by the New Jersey Department of Education.
 - (2) The Board of Directors may offer middle school students opportunities to participate in after-school intramural and/or interscholastic team activities coordinated and under the supervision of school staff members.
 - (3) The Board of Directors will support after-school activities and clubs where physical activity for students is included as a key component to the activity's or club's purpose. These clubs may include, but not be limited to, gardening clubs, walking clubs, and exercise classes.

- c. The following activities will be coordinated in the high school:
 - (1) All students shall receive health/physical education under the supervision of a properly certified teaching staff member as required by the New Jersey Department of Education.
 - (2) The Board of Directors will offer high school students opportunities to participate in after-school intramural and/or interscholastic team activities coordinated and under the supervision of school staff members.
 - (3) The Board of Directors will support after-school activities and clubs where physical activity for students is included as a key component to the activity's or club's purpose. These clubs may include, but not be limited to, gardening clubs, walking clubs, and exercise classes.

4. Additional Wellness Policy Goals

- a. Nothing in this Policy shall prevent the school from developing and implementing additional activities, approved by the Executive Director or designee, to those required in this Policy.

B. Nutrition Guidelines for All Foods and Beverages

- 1. The Board of Directors requires the school to comply with the Federal school meal nutrition standards and the Smart Snacks in accordance with the requirements HHFKA. The nutritional standards shall apply to all foods and beverages sold in the school as part of the menu pattern meal, a la carte, in school stores, snack bars, or vending machines. The requirements for any food or beverages sold in schools must meet a range of calorie and nutrient requirements as outlined in the HHFKA and a smart snack calculator shall be on file in the school for each product sold. Exceptions will be made for the Behavior Modification Program.

2. The school will comply with the HHFKA beverage requirements and beverage portion requirements for each appropriate grade level. The school will make potable water available to children at no charge in the place where breakfast, lunch, and afterschool snacks are served during meal service.
3. On-campus fundraisers involving food or beverage items must meet the Smart Snack standards of the HHFKA. The nutrition standards of the HHFKA do not apply to non-school hours, weekends, and off-campus fundraising events. The United States Department of Agriculture defines school day as starting from midnight to thirty minutes after the end of the school day. Fundraisers involving the sale of food or beverages must be pre-approved by the Executive Director/Superintendent or designee and the School Wellness Policy Coordinator.
4. The Board of Directors may permit food in the school that is not sold to students to be brought into school by parents, students, or staff members for classroom activities, parties, or snacks, or other food provided to students as an incentive. Any occasion where food is brought into the school for such purposes must be approved by the Principal or designee, who will ensure safeguards are in place to protect students who may have a food or related allergy.

C. School Coordinator

1. The School Wellness Policy Coordinator shall be available to consult with school-based administrators, staff members, and the School Wellness Policy Coordinator(s) on the school's Wellness Policy.
2. The School Wellness Policy Coordinator shall also be responsible to ensure parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the Board of Directors, school administrators, and the general public are permitted to participate in the development, implementation, review, and update of this Wellness Policy.
3. The School Wellness Policy Coordinator shall be responsible to inform and update the public (including parents, students, and others in the community) about the content, implementation, updates and implementation status of the school's Wellness Policy through the school's website, school publications, and/or other school communications made available to the public.

- a. The information and update shall provide as much information as possible about the school nutrition environment, including a summary of the events and activities related to the Wellness Policy implementation in the school.

D. Wellness Policy Assessment

1. The School Wellness Policy Coordinator will prepare an assessment of the school's Wellness Policy in accordance with the requirements of the United States and New Jersey Departments of Agriculture on the extent to which the school(s) in the school are in compliance with the school's Wellness Policy, the extent to which the school's Wellness Policy compares to model school wellness policies, and a description of the progress made in attaining the goals outlined in the school's Wellness Policy.
2. The School Wellness Policy Coordinator will present this assessment to the Board of Directors at a public Board meeting, make such assessment available to the public, and recommend any updates to the Policy accordingly.

E. Records

1. The School Wellness Policy Coordinator shall ensure records are maintained to document compliance with the requirements of the School Wellness Policy. Such records will include, but not be limited to:
 - a. The Board-approved Wellness Policy;
 - b. Documentation demonstrating the Policy has been made available to the public;
 - c. Documentation of the efforts made in the school to review and update the Policy;
 - d. Documentation demonstrating compliance with the annual public notification requirements;
 - e. Documentation demonstrating the most recent assessment on Policy implementation; and
